

Measuring Guide for Ordering Uniform

Our uniform and sportswear garments are generally designed for the best fit. For example, if your child measures 28 inches, then that is the size we recommend that you buy. If your child is between sizes, then we recommend that you buy the next size up.

Measurements such as height are a better guide than age in choosing the correct size, so if your child is taller than average, it is advisable to order the next size up on tops or trousers.

Please note: All of our garment sizes are given in inches

The Academy has a sample of different sized blazers that can be tried on before ordering, if you would like to attend a sizing session, please contact the main reception.
