

Good luck to all year 13 students taking their final A level exams and a hearty congratulations to all students that have finished their courses. I have been endlessly impressed with your hard work and determination over the last two years.

Year 12 students, please look to the effort your peers are putting into exams to reach their next steps. This final half term we'll be working with you to think about your next steps, now only a year away!

Mr R. Timm

Taster Day - Thursday 6th July

Year 11s will be invited to taster day this week. You will receive a letter and a link to online form. Please let us know what subjects you would like to attend and what kind of activities you would like to do.

Future forwards Trip - Nottingham

After a year of hard work with UEA's future forward programme, 11 of our year 12 students had the opportunity to experience university life at the University of Nottingham for three days. Taster lectures, social activities, and aspiration based mentoring all to help our young people aspire to the very best.

UCAS information

Make sure you have signed up to the UCAS hub! The UCAS hub holds a wealth of information and organisation tools so that you can start looking at your next steps - **University or apprenticeships**

It's now time to start thinking about what's going to be on your personal statement or cover letters. Keep an eye out on all opportunities coming through the HAS scheme (like visiting a nuclear power station in October) and taster lectures from channel talent. **If you want any help thinking about the next steps, please come and talk to any one of us.**
