

It's been an incredibly positive start to the last half term of the year. Well done to all our Year 13s who have undertaken exams and submitted their final pieces of coursework: two years of hard work coming to fruition!

Year 12s have had some amazing opportunities to think about the '*next steps*' I have loved listening to the enthusiasm and excitement generated by recent university visits; remember to take part in every experience and opportunity you can!

Mr R. Timm

Ucas Discovery Day

On Monday 12 June our year 12 students visited the UCAS Discovery Day at the Norfolk Showground. This annual event is a great opportunity to meet and chat with universities from all over the country, as well as some apprenticeship providers and the military. All the students returned with lots of invaluable information about their futures along with a vast collection of giveaways such as pens, tote bags, badges and, new this year, wonderful red bucket hats from the University of South Wales.

University of Hertfordshire visit

Year 12 students had the opportunity for an incredible experience at UOH. Students were able to take part in taster sessions for their chosen subjects; such as Ree (see right) delivering a baby using an anatomically correct medical model!

UEA assemblies

On Friday 9th June, Rosie and Rachel from the UEA came to discuss future aspirations and destinations with Year 12 students.

Students were guided through how to begin searching for courses, writing personal statements and book onto university open days.

Writing personal statements

It is now the time to **start writing personal statements**. These are vital for applying for university courses via **UCAS** and can form letters of application when applying for apprenticeships or employment.

All YR12's have received an **invite to the Google Classroom** and Mrs. Lusher-Chamberlain and Mr. Harris will be supporting you through the process of writing these over the coming weeks.
