“Achievement is outstanding because every student matters” Ofsted 2013

Dear Parents and Carers,

We are at the end of another busy week - and just one more before the much anticipated half term break at the end of next week.

We've enjoyed some wonderful experiences over the past fortnight - and have more to come before the end of next week.

We are excited to be hosting a visit from our new CEO, Tom Rees, on 1st November and we have a special guest delivering a keynote speech on economics after half term.

Thanks to Year 11 parents and carers who attended our Raising Achievement evening this Thursday - it was great to see such a lovely turnout.

It's not long until our annual musical - please come and support if you are able - it'll be fabulous, as ever.

Enjoy the weekend when it comes.

Digital Safeguarding

When using digital devices within the academy, it is a fundamental part of our safeguarding training for staff, to ensure all students are protected from harm when online in school. In order to assist us with this, the academy uses Smoothwall to filter internet content and Impero to monitor online usage.

If you have any questions about how students are kept safe when using digital devices at school, please contact the academy.
