June 2024

Dear Parents and Carers

Year 7 Assessments

How is my child's work and progress assessed at Victory?

We have decided to change our assessment policy to ensure that children and their families are well informed of when formal tests will take place. We want to make sure assessments are spiraled, covering content from previous learning that will assess both knowledge and skills. In doing this, we hope that your child can prepare in advance and that this can enable you to support at home; making the process more valuable for everyone.

Once the data is captured from assessments, staff will have a feedback week where misconceptions are addressed both individually and collectively. Through our diagnostics we can then put the appropriate interventions in place to help children cement their understanding, so they do not fall behind.

There are three formal assessment points for English, Mathematics and Science throughout the year. All other subjects will have two formal assessment points throughout the year. Each of these assessments will fall within a two-week period. Staff will inform individual groups of when these assessments will take place and the format, and they will also make sure you are informed via Class Charts.

The third set of formal assessments for Year 7 will take place:

- Science on Wednesday 12th June
- Mathematics on Thursday 13th June
- English on Tuesday 18th June

Preparing for assessments – What can I do?

- Complete all homework set by the teachers.
- Revise using the new Assessment Journals below. These will also be available on our website.
- Scan QR codes in planners for [knowledge organisers](#) (or click on the link provided).
- Attend Homework Club.

As mentioned above, these are the formal assessment points but lots of informal assessments will take place in the classroom daily through: questioning; low stakes quizzes; live marking; homework; and from work completed in exercise books.

Reports 1 and 2 with assessment data were sent out this year. You will receive a third report by the end of this year. Students will also receive their percentages from teachers as assessments are marked and should communicate this with you.

If you would like any further information, please do not hesitate to contact Miss A Hazell on a.hazell@ormistonvictoryacademy.co.uk or Mr R Cole on r.cole@ormistonvictoryacademy.co.uk.

Mrs O Ballentine
Vice Principal for Quality of Education

Ms A Hazell
Assistant Principal for Achievement

Mr R Cole
Assistant Principal for KS3

Enc. Y7 Assessment Journal Summer '24

Year 7 Assessment Journal - Summer 2024

Subject	Assessment Content	Assessment Format	Weighting	HW/Independent Revision
