16th September 2026

Dear Parents and Carers,

I am writing to introduce myself as the school's new Special Educational Needs and Disabilities Coordinator (SENDCo).

Although I am new to the role of SENDCo, I am not new to our school. I have been part of the school community for some time and am looking forward to taking on this new role and continuing to work with our pupils, families and staff.

As SENDCo, I will be working to ensure that pupils with special educational needs and/or disabilities receive the right support and provision to help them make progress and achieve their potential. It is important to me that every pupil feels valued, included and supported in school.

Alongside this, I believe that our role is also to help pupils develop the skills they will need beyond their time at school. Building confidence, independence, resilience and self-belief are all important parts of this. I want to ensure that our pupils are supported not only to succeed in school, but also to develop the skills they need to become confident and independent young people.

Working closely with families is an important part of this role. Every child is different, and parents and carers know their children best. I look forward to listening to your views, getting to know your children and working together to make sure they receive the support they need.

Alongside this, I remain in post as Head of Year 9 and will continue to support this year group from an academic and pastoral perspective.

If you have any questions, concerns or would like to discuss how we can support your child, please do get in touch. I am always happy to have a conversation and work together to find the best way forward.

I look forward to working with you and continuing to support our pupils as they learn, grow and develop both in school and for the future.

Warmest wishes,

Mrs R Goldspink

SENDCo
